WILLIAM E. LEFFINGWELL, President

**T**HE mission of the Glen Springs is to give intelligent rest—make fit and keep fit your human machine—especially its engine, your heart.

Its Nauheim Baths, chemical and X-ray laboratories and scientific treatments under the direction of physicians are particularly adapted to heart disease, circulatory, kidney, nutritional and nervous disorders, rheumatism, gout and obesity. It is the only place in America where the Nauheim Baths for heart and circulatory disorders are given with a natural, calcium chloride brine.
